Notice is hereby given that tentative ap-

Gas, and Mining, on January 20, 1988, to
Thomas J. Peck & Sons to continue sur-
face mining operations in Section 3,
Township 13 South, Range 1 East, SLBM,
Juab County, Utah.

The name of the mining operation is the
Nephi Gypsum Quarry and the person
representing the company is Robert
Steele, 1055 North 4th East, Nephi, Utah.

Thomas J. Peck & Sons has fulfilled
obligations under the Utah Mined Land
Reclamation Act of 1975 (Section 40-8,
UCA, 1953, as amended) with specific
reference to Section 40-8-13 and will
employ the following mining and reclama-
tion techniques on approximately 12 acres
of private land.

During Operations

Gypsum will be drilled, blasted, and
moved with a dozer to the lower bench.
The gypsum will then be crushed and
hauled to local cement plants. Water will
be sprayed as needed to control dust. The
quarry slope will be seeded as the upper
bench moves downward.

Following Operations

1) The roads and pad areas will be
recontoured and gypsum fines spread over
the pad areas.

2) Water bars will be constructed and
the upper mine road and the berm along
the creek will remain intact. The roads
and pad areas will be scarified and seed-
ed.

Any person or agency aggrieved by this
tentative decision is hereby requested to
submit written protest within thirty (30)
